Section	Description of Change
Logging In	Updated information on logging into webTA with an eAuthentication ID and password, which requires a PIV exemption.

Accessibility for Users of Assistive Technology with webTA 4.2

The National Finance Center (NFC) is committed to providing applications that may be used with assistive technology.

In order to meet this commitment, NFC will comply with the requirements of the United States Access Board.

NFC must ensure that users with disabilities be provided with access to have the same options within an application as those with no disability, unless an undue burden would be imposed upon NFC.

Help for Users of Assistive Technology

Online help utilizes HyperText Markup Language (HTML) frames which display help in a separate browser. Each Help page contains a Table of Contents with links and Help content. Some Help topics include one or more Related Topics.

To Navigate within Frames:

- Select *Help*. The browser opens. By default, the focus is in the content pane.
- Select the Tab key to move the focus to the Related Topics (if any).
- Select the Enter key to open a related topic link.
- Select the Tab key to move the focus to the Table of Contents.
- Select the Enter key to open a different help topic link.

Navigation with Keyboard Shortcuts/Commands

- To move forward from link to link or to interactive elements, select the Tab key.
- To move backward from link to link or to interactive elements, select the Shift + Tab keys.
- To select hyperlinks, select the **Enter** key.
- To select buttons, select the Enter key.
- To navigate and select radio buttons, select the Up and Down Arrow keys.

- To select and deselect check boxes, press the Spacebar.
- To navigate and select dates from the Calendar picker, use the following options:
- To move to the day to the left, select Control + Left Arrow.
- To move to the day to the right, select Control + Right Arrow.
- To move to the row above, select Control + Up Arrow.
- To move to the row below, select Control + Down Arrow.
- To change the month, select the Page Up or Page Down key.
- To navigate and select options from combination boxes, use the following options:
 - To view all options, press the Spacebar.
 - To move through options, select the Up and Down Arrow keys.
 - To select an option, select the Enter key.
 - To navigate and select options from a selection box, select the Up and Down Arrow keys.
- To navigate and select options from the Role selection box, use the following options:
 - To view all options, select the Enter key.
 - To move through the options, select the Tab key.
 - To select an option, select the Enter key.
 - To navigate and select options from the Transaction Code selection box on the Timesheet pages, use the following options:
 - To move through the options, select the Up and Down Arrow keys.
 - To select an option, select the Enter key.
 - To clear current options, select the Backspace key once, then type the search criteria.
 - To insert a daily comment on a Timesheet page, select Shift + R.
 - To display and place the focus on Skip Link, select Alt + P.

Contact Information for Users of Assistive Technology

If you experience an issue due to accessibility as defined by the United States Access Board, please contact your Agency Servicing Personnel Office for assistance. Authorized Agency Contacts (AACs) listed in Table Management System (TMGT) Table 063, Department/Agency/Bureau Contact, Contact Type 04, should call the NFC Contact Center at **1-855-NFC-4GOV** (**1-855-632-4468**). When contacting the applicable person, please include all information regarding the function that you are trying to use within the application.

Typographical Conventions

References to a button are indicated by Courier New font and in bold.	Select the Save button.
References to email addresses are indicated in italics.	For additional assistance, send email to jane.doe@usda.gov.
References to menu options are indicated in italics and in bold.	To print the Earnings and Leave (E&L) Statement, select <i>File > Print</i> .
References to system messages are indicated by Courier New font and are italicized.	The message <i>Changes have been made.</i> Save changes? is displayed.
References to valid values are indicated by Courier New font and are italicized.	Valid values are None, End, or Start.
References to actual data are indicated by Courier New font.	Enter 10 into the field.
References to telephone numbers are indicated in bold.	For assistance, call 1-800-555-1212 .

Feedback

You can provide feedback to NFC from within the Web version of the manual. Select the **send Us Feedback** button on any page within the manual. A popup will appear for you to add comments. Your response generates an email that automatically identifies your exact location in the document so that we can better address your comments and/or questions.

Overview

webTA is a Web-based Time and Attendance (T&A) report application specially designed to meet the T&A reporting requirements for Federal Departments or Agencies and their employees. The application can be securely accessed with an Internet browser, allowing users the flexibility to enter T&A data from anywhere they have an Internet connection. Transaction Code (TC) and leave type tables are used to enter data in webTA. Once approved, the timesheets are picked up on scheduled build files and transmitted to NFC for processing. Once received, these T&A files are edited using the Time and Attendance Validation System (TIME) job.

Employee profile information is brought into webTA via a Payroll/Personnel System (PPS) daily feed from NFC. This information is retrieved from PPS after the Personnel Input and Edit System's (PINE) and the Personnel Update System's (PEPL) run each evening. This daily file updates all accessions and separations. New employee records should be added via this PPS daily feed. Only in special circumstances should an employee be added directly into webTA. This eliminates errors and maintains consistency between webTA and PPS. At the end of the pay period, additional information is updated after the Bi-Weekly Examination Analysis and Reporting System's (BEAR) run is complete.

webTA allows for both the Timekeeper and/or the Employee to enter and submit T&A data on a daily basis throughout the pay period.

webTA is used to:

- Maintain a personal information record for each Employee at a specific T&A contact point. This record contains Employee-related information needed for T&A reporting.
- Gather data entered for the purpose of recording attendance and leave, and for calculating Employee wages each pay period.
- Enter T&A data at any time during the pay period.
- Record daily time.
- Allow for the Timekeeper to enter and submit an Employee's timesheet if the Employee
 is not available.
- Establish a default schedule for an Employee so that only absences from work or changes in the tour of duty must be entered.
- Enter scheduled leave in advance.
- Record cost accounting.

- Select TC and Accounting Codes from drop-down lists.
- · Maintain accounting tables at the Agency level.
- Enter corrected/split/final timesheets.
- Perform certain edits to determine if the data is correct.
- Provide T&A related reports.

Timesheets are processed through TIME, which reads, collects, edits, audits, and validates the data for payment. All errors encountered are reflected on an error list, and timesheets in question are placed in an error suspense file. Timesheet errors are corrected by NFC and are again processed through TIME. After timesheets pass all edits and are validated, the database is updated for subsequent payment processing.

Timely submission of timesheets is necessary because of the impact on the Employee's pay. Timesheets should be completed on the last day of the pay period and processed as soon as possible. Timesheets should be transmitted to NFC no later than close of business the Tuesday following the last day of the pay period.

Related Systems and Applications

webTA data is displayed and/or interfaces with the systems and/or applications described below.

Adjustment Processing System (ADJP). ADJP provides automatic handling of a variety of payroll adjustments. This system processes adjustments due to corrected T&As and late personnel actions effective up to 1 prior year.

Bi-Weekly Examination Analysis and Reporting System (BEAR). BEAR analyzes payroll and personnel transactions that occurred during the processing of each pay period. BEAR generates a multitude of end-of-pay-period report notifications and generates certain personnel actions.

Employee Personal Page (EPP). EPP is used by employees to view payroll, leave, travel, health insurance, life insurance, and other personal information. It also displays news items from the Agency or NFC. EPP further allows employees to link to other sites, such as Thrift Savings Plan (TSP), Combined Federal Campaign (CFC) Give Back, etc. The Self-Service option of EPP is used to change an employee's residence address, Federal and State tax withholding, financial allotments, and direct deposit information.

EmpowHR. EmpowHR is a Human Capital Management system that is an integrated suite of commercial and Government applications that can be leveraged to automate common administrative tasks associated with human resource management and reduce internal operational costs using industry best practices.

Financial Management Modernization Initiative (FMMI). FMMI is an advanced, Web-based core financial management application that complies with Federal accounting and systems standards. FMMI provides a daily feed to webTA to update accounting codes.

FOCUS Reporting System (FOCUS). FOCUS is used to provide Agency offices with ad hoc reporting capabilities on an "as-needed" basis.

Information/Research Inquiry System (IRIS). IRIS is a menu-driven system used for inquiry access to an employee's current personnel data and certain historical payroll data as a result of transactions processed in PPS.

Insight. Insight is a comprehensive, enterprise-wide data warehouse with advanced reporting and business intelligence capabilities. Insight provides customers integrated data and flexible analytics to drive strategic business decisions.

Management Account Structure Codes System (MASC). MASC is an online system that provides users with direct system access to add, replace, delete, and query table data. MASC is composed of tables and accounting documents that contain support information for edits, references, reports, and identifiers used in application programs. This support information ensures that NFC maintains a high degree of data integrity and validity. It is important that MASC contains up-to-date and accurate data. The accounting codes entered in webTA are edited against MASC.

Payroll Computation System (PAYE). PAYE is the heart of the integrated PPS. It performs the complicated computation routines required to produce net salary data for disbursement and transmission to Treasury. In addition to creating disbursement data, PAYE also creates accounting records that are processed and reported through the Payroll Accounting System (PACS).

Payroll/Personnel Inquiry System (PINQ). PINQ is used as a tool for researching payroll-related inquiries received from employees and other sources. PINQ provides immediate access to at least 25 pay periods of current payroll data. Data entered in webTA is displayed in PINQ after it passes the TIME edits.

Personnel Input and Edit System (PINE). PINE is a subsystem of PPS. PINE edits data released from Payroll/Personnel entry systems, payroll documents, and position data. PINE edits the data before it is applied to the Payroll/Personnel database, comparing the employee's database record to the data being entered. PINE processes personnel actions and payroll documents Monday through Friday of each week and on the first Saturday of the pay period, regardless of the effective pay period. After the data is released to PEPL, it is retrieved during the pay period, and the information is displayed in IRIS.

Personnel Update System (PEPL). PEPL performs the update function of the personnel areas of the database. All documents passing validation through PINE are processed through PEPL for transmission to the database. The data is retrieved during the pay period from PEPL and displayed in IRIS. PEPL also produces a log of all transactions applied to the database, as well as utilization and management reports.

Position Management System Online (PMSO). PMSO is a real-time online database online system of PPS. PMSO allows Agencies to add, change, inactivate, reactivate, and delete/ restore position data for immediate update to the PMSO database. PMSO also provides Agencies report generation and online inquiry capabilities for PMSO data and allows for complete control and management of position data.

Report Generator System (CULPRPT). CULPRPT is an online reporting system used to generate formatted payroll and personnel-related reports. CULPRPT reports are used to alert Agency staff to missing T&As or personnel documents, discrepancies in leave balances, and failure of TIME edits.

Reporting Center (RPCT). RPCT is a Web-based reporting application on the Application Launchpad of the NFC home page. RPCT offers Administrative, Financial, Personnel, Workforce, and Security reports. The Leave Error report is used by Timekeepers and is available in RPCT.

Table Management System (TMGT). TMGT is a menu-driven database management system that provides direct access to table records containing selected data elements from the payroll/personnel, financial, and administrative systems. TMGT allows authorized users to view and update records, request reports, and view documentation data for various tables used in application programs. All TCs used in webTA are from TMGT Table 032, Transaction Codes.

Time & Attendance Validation System (TIME). The initial processing of timesheets is accomplished through TIME, which reads, collects, edits, audits, and validates the data for payment. All errors encountered are reflected on RPCT's T&A Error Analysis Report and the timesheet in question is placed in an error suspense file. The timesheet is corrected at NFC and is processed through TIME again. After the timesheet passes all edits and is validated, the data is updated on the database for subsequent payment processing.

Time Inquiry - Leave Update System (TINQ). TINQ is an online leave entry and correction system used to update leave data that is incorrect and cannot be corrected by submission of corrected timesheets. It is also used to transfer leave for employees participating in the Voluntary Leave Transfer Program (VLTP) and the Voluntary Leave Bank Program (VLBP), or the Emergency Leave Transfer Program (ELTP).

Reference Material

Additional information regarding timekeeping and T&A processing may be found in the Time and Attendance Instructions (TNAINST) and the TIME Edit Messages procedures. To view these procedures, select **HR and Payroll Clients** from the **MyNFC** drop-down menu on the NFC home page. At the HR and Payroll Clients page, select the **Publications** tab and select the T&A Processing category to access these procedures.

Getting Started

webTA may be accessed from any computer or mobile device with an Internet connection. This allows users to complete T&A transactions from any location.

Logging in

Users may log into webTA using the following methods:

eAuthentication (eAuth) (Personal Identity Verification (PIV) or Common Access Card (CAC))
eAuth user ID and password (which requires a PIV exemption)

Note: Logging into webTA with an eAuth ID and password requires a PIV exemption and may be requested via email to the Client Experience Center (CEC) support at CECHelpDesk@usda.gov or via telephone at CEC – Centralized Help Desk available 24/7 at 877-873-0783 Option 2.

To Log In Using eAuth With PIV/CAC:

- 1. Connect to the NFC Home page (https://www.nfc.usda.gov).
- 2. Select the Applications link. The Application Launchpad is displayed.
- Select the webTA icon. The webTA Time and Attendance Application landing page is displayed.

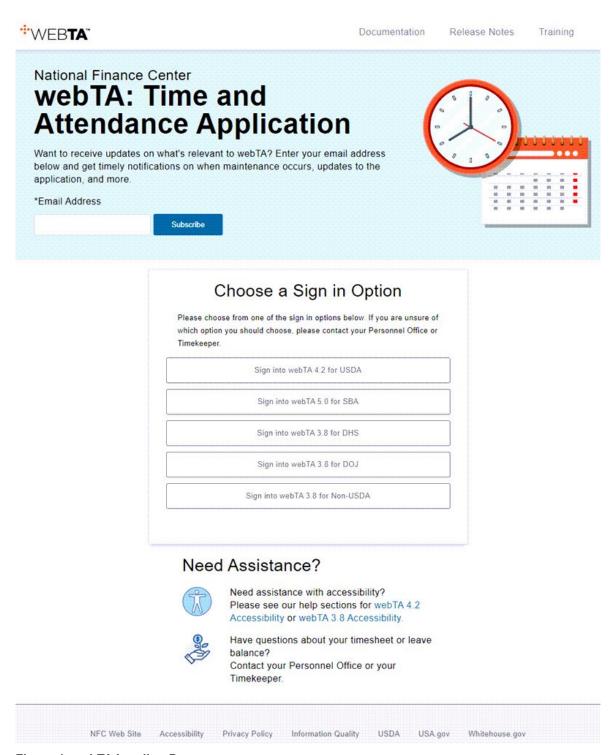

Figure 1: webTA Landing Page

4. Select the applicable webTA sign in option. The webTA login page is displayed.

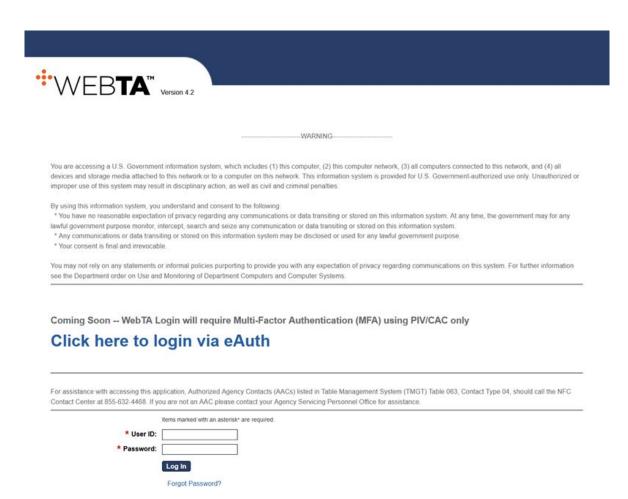

Figure 2: webTA login page

5. Select the *Click here to login via eAuth* link. The eAuth login page is displayed.

Note: At this point, you may have to select your Agency if you have not previously saved this information.

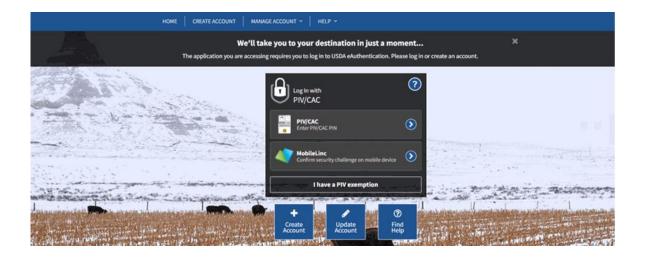

Figure 3: Log In with PIV/CAC

6. Select the PIV/CAC button. The eAuth PIN popup appears.

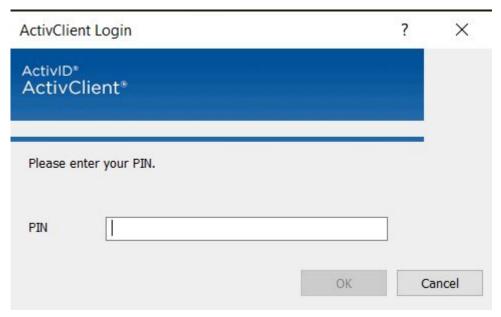

Figure 4: eAuth Pin Popup

- 7. Enter the eAuth PIN.
- 8. Select the ok button. The webTA Main Menu page is displayed.
- 9. To Request a PIV Exemption to Log In Using an eAuth User ID and Password: The three types of PIV exemptions are: 1-day, 30-day, and long-term. The timeframe and intended use of each type of PIV exemption are described below. PIV exemptions must be requested to use eAuth login with user ID and password. A PIV exemption can be obtained as follows:

To Obtain a 1-Day PIV Exemption:

This type of PIV exemption is for a single day. The PIV exemption automatically expires at midnight on the day after it is implemented. There are multiple reasons a user may need a 1-day PIV exemption. The user should follow the steps below to request a 1-day PIV exemption.

- User contacts CEC support via CECHelpDesk@usda.gov or CEC Centralized Help Desk available 24/7 at 877-873-0783 Option 2.
- 2. CEC Help Desk provides the PIV exemption.

To Obtain a 30-Day PIV Exemption:

This type of PIV exemption is for 30 days. The PIV exemption will automatically expire on the 30th day after it is implemented. User will receive an email 5 days before the PIV exemption expires. There are multiple reasons a user may need a 30-day PIV exemption. Follow the steps below to request a 30-day PIV exemption.

Note: A justification is required for a 30-day PIV exemption.

User contacts their manager and their Agency-appointed CEC, Information System Security Point of Contact (ISSPOC).

ISSPOC submits the System Authorization Access Request (SAAR) to CEC support. The system-automated approval process is initiated upon submission.

CEC Help Desk provides the PIV exemption.

To Obtain a Long-Term PIV Exemption:

This type of PIV exemption is long term and requires a decision from the United States Department of Agriculture (USDA) Chief Information Officer (CIO). The Agency must review these exemptions annually and recertify with the USDA CIO annually.

- 1. The user's Agency submits a waiver to the USDA CIO. The waiver request must include the user name and workstation name.
- 2. The USDA CIO approves the waiver.
- 3. The ISSPOC submits the SAAR to CEC support. The approved waiver request must be included with this submission. The system-automated approval process is initiated upon submission of the SAAR.
- 4. CEC Help Desk provides the exemption.

Examples of PIV Exemption include, but are not limited to, the following:

- Onboarding-badge in progress
- Lost/stolen badge
- Damaged badge
- Forgotten badge
- PIV Certificate issues

- · PIV not provisioned
- Government furnished equipment not provisioned

To Log In Using an eAuth User ID and Password (after being granted a PIV exemption):

- 1. Connect to the *NFC Home page*(https://www.nfc.usda.gov).
- 2. Select the Applications link. The Application Launchpad is displayed.
- 3. Select the *webTA* icon. The webTA Time and Attendance Application landing page is displayed.

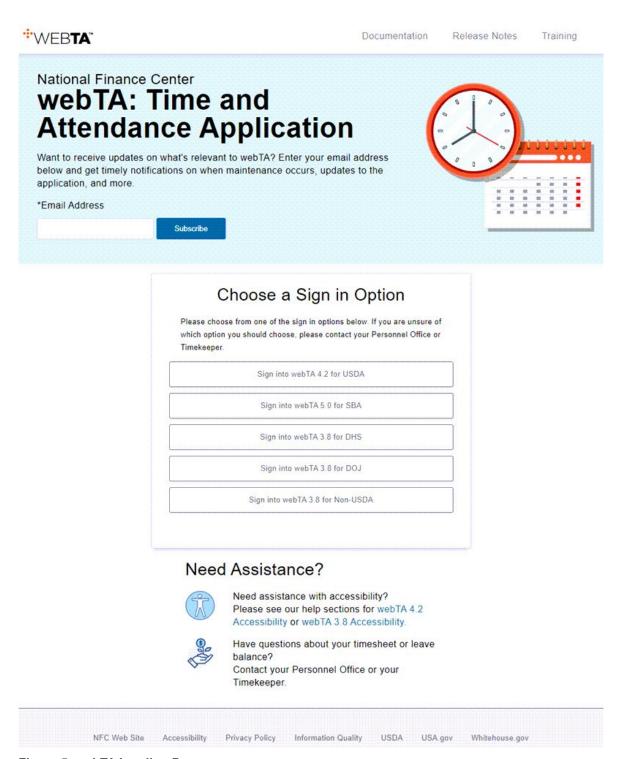

Figure 5: webTA Landing Page

4. Select the applicable webTA sign in option. The webTA login page is displayed.

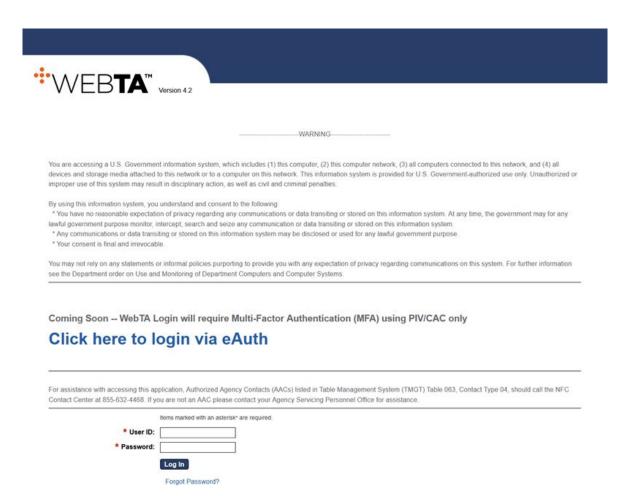

Figure 6: webTA login page

Note: At this point, you may have to select your Agency if you have not previously saved this information.

5. Select the *Click here to login via eAuth* link. The eAuth login page is displayed.

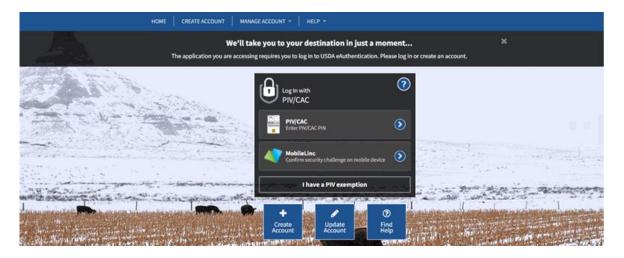

Figure 7: Log In with PIV-CAC

6. Select the *I have a PIV exemption* option. The eAuth log in (with PIV exemption) page is displayed.

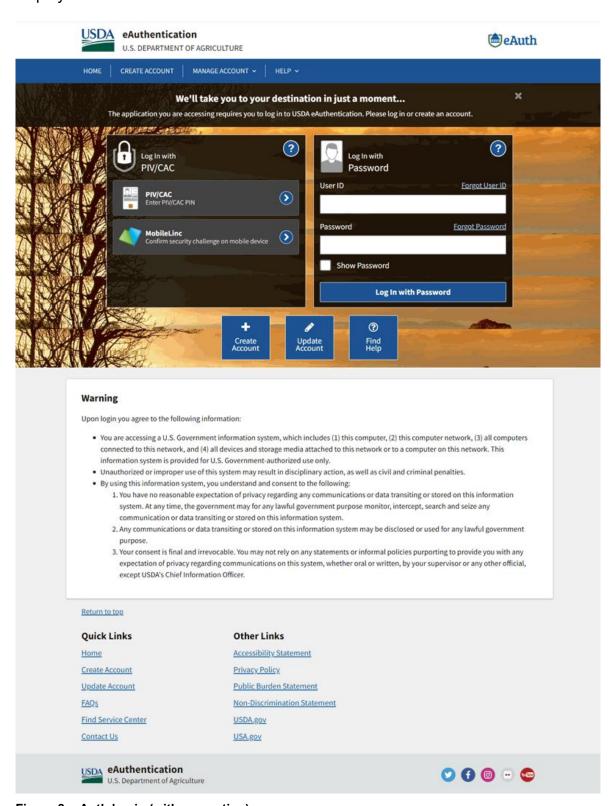

Figure 8: eAuth log in (with exemption) page

- 7. Enter the eAuth user ID and password.
- 8. Select the Log In with password button. The webTA Main Menu page is displayed.

Note: If a PIV exemption status is not requested and/or granted, the following error popup appears.

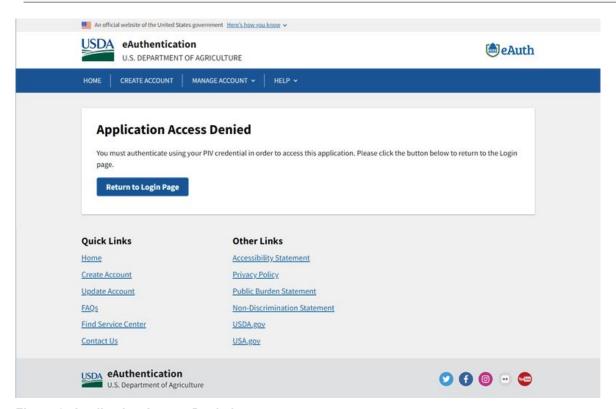

Figure 9: Application Access Denied page

Logging Out

To exit webTA, select the Logout link from any page.

Inbox

Inbox is available on the Employee Main Menu to read system-generated messages, as well as messages from Timekeepers and Supervisors. The number of unread messages in the Inbox is displayed in parentheses.

The *Send Message To Timekeeper* and the *Send Message To Supervisor* options are used by the Employee to send messages. For more information on these options, see *Sending Messages*.

Note: Employees are encouraged to check their Inbox regularly.

To View Messages in the Inbox:

1. Select the *Inbox* link on the Employee Main Menu page. The Inbox - Messages page is displayed.

Figure 10: Inbox

2. View the message(s) on the page.

Note: Messages marked with an exclamation point (!) indicate a high-priority message.

After making the appropriate selection, you may select the *Employee* tab to return to the Employee Main Menu page.

Sorting Lists

Some webTA pages have lists in a table format. Most of these lists can be sorted by selecting the arrow.

Note: Sorting a column sorts the entire table by row, not just the items in the column.

To Sort a List:

1. Select the header of the column to enable the arrow.

Figure 11: Example of a Page with Sorting Lists

2. Select the arrow to point down to sort the list in descending order.

OR

Select the arrow to point up to sort the list in ascending order.

At this point, you may select the Cancel button to return to the Employee Main Menu page.

Help

Help is available on all pages in webTA. Help pages contain a sidebar menu and a search feature. There is also a print feature available.

To Access Help:

1. Select the *Help* link on any page in webTA. A Help page is displayed.

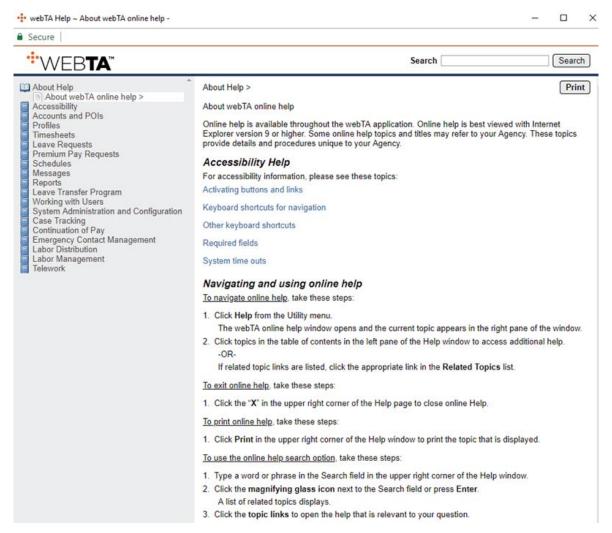

Figure 12: Example of a Help Page

2. Select the applicable topic from the sidebar menu.

OR

Enter search criteria in the Search field and select the Search button.

At this point, you may select the \mathbf{x} to close the Help page and return to the previous page.

Employee

Using webTA, an Employee can:

- · Enter timesheet data.
- View a summary of current pay period timesheet information.
- · Submit leave and premium pay requests.
- Submit dollar transaction requests.
- · View certified timesheets.
- · Select accounting codes.
- · Assign descriptions to accounting codes.
- Generate leave audit reports.
- Send messages to Supervisors and/or Timekeepers.
- Maintain schedules.
- Manage emergency contact information.
- · Donate leave.

All Employee functions are accessed from the Employee Main Menu, which is displayed upon logging in to webTA.

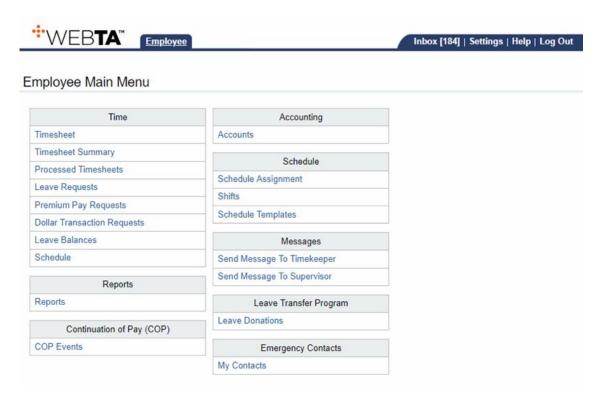

Figure 13: Employee Main Menu Page

Employee Profile

The Employee Profile page contains the Employee's personal information. This is a read-only page. While most fields on this page are updated by PPS feeds, some may be updated by the Timekeeper and Master Timekeeper.

Figure 14: Employee Profile Page

Other pages that are available from the Employee Profile page include:

- Licenses Displays which webTA licenses the Employee is authorized to use. For more information, see *Licenses*.
- Calendars Displays which calendar(s) are assigned to the Employee. For more information, see *Calendars*.
- Manage Roles Displays the Employee's assigned roles. For more information, see
 Manage Roles.
- Timesheet Details Displays the Employee's Timesheet Details. For more information, see *Timesheet Details*.
- Timesheet Profile Displays the Employee's Timesheet Profile. For more information, see *Timesheet Profile*.

- FMLA/FMLA Military Displays the Employee's Family and Medical Leave Act (FMLA)/
 FMLA Military information, if applicable. For more information, see FMLA/FMLA
 Military.
- Disabled Veteran Leave Displays the Employee's Disabled Veteran Leave information, if applicable. For more information, see *Disabled Veteran Leave*.
- Telework Reserved for future use.

Settings

The Employee Profile page contains an Employee's personal information. While most fields on this page are updated by PPS feeds, some may be updated by the Timekeeper and Master Timekeeper.

To view your Employee Profile page, select the *Settings* link on the Employee Main Menu page. The Employee Profile page is displayed.

Note: You can access the *Licenses*, *Calendars*, *Manage Roles*, *Timesheet Details*, *Timesheet Profile*, *FMLA/FMLA Military*, and *Disabled Veteran Leave* options from the Employee Profile page.

Licenses

The Licenses page displays which webTA licenses an Employee may use. This is read-only page and the licenses approved for use will determine an Employee's main menu options.

To Display the Licenses Page:

1. Select the *Settings* link on the Employee Main Menu page. The Employee Profile page is displayed.

Note: You can access the *Licenses*, *Calendars*, *Manage Roles*, *Timesheet Details*, *Timesheet Profile*, *FMLA/FMLA Military*, and *Disabled Veteran Leave* options from the Employee Profile page.

Figure 16: Employee Profile Page

2. Select the *Licenses* link from the sidebar menu. The Licenses page is displayed.

Licenses » DOE, JOHN

Figure 17: Licenses Page

The following fields are displayed:

- webTA Field Description
- webTA Advanced Scheduling Field Description
- webTA Continuation of Pay Field Description
- webTA Emergency Contacts Management Field Description
- webTA Labor Management Field Description
- webTA NFC Bi-Directional Interface Field Description
- webTA Telework Field Description
- webTA Web Services Field Description

Calendars

The Calendars page displays holiday calendars assigned to the employee. These holidays are automatically populated on your timesheet. The Calendars page is read-only.

To Display the Calendars Page:

1. Select the *Settings* link on the Employee Main Menu page. The Employee Profile page is displayed.

Note: You can access the *Licenses*, *Calendars*, *Manage Roles*, *Timesheet Details*, *Timesheet Profile*, *FMLA/FMLA Military*, and *Disabled Veteran Leave* options from the Employee Profile page.

Figure 18: Employee Profile Page

2. Select the *Calendars* link from the sidebar menu. The Calendars page is displayed.

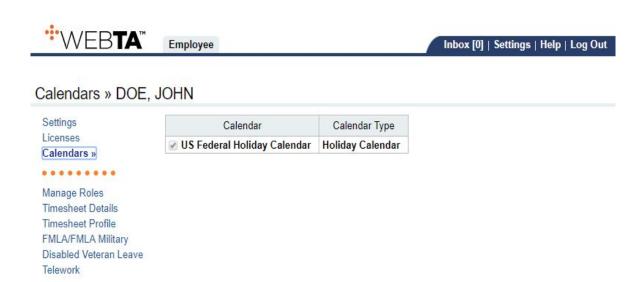

Figure 19: Calendars Page

The following fields are displayed:

Calendar Field Description

Calendar Type Field Description

Manage Roles

The Role Assignments page is read-only and displays the roles assigned to the Employee.

To Display the Role Assignment Page:

1. Select the *Settings* link on the Employee Main Menu page. The Employee Profile page is displayed.

Note: You can access the *Licenses*, *Calendars*, *Manage Roles*, *Timesheet Details*, *Timesheet Profile*, *FMLA/FMLA Military*, and *Disabled Veteran Leave* options from the Employee Profile page.

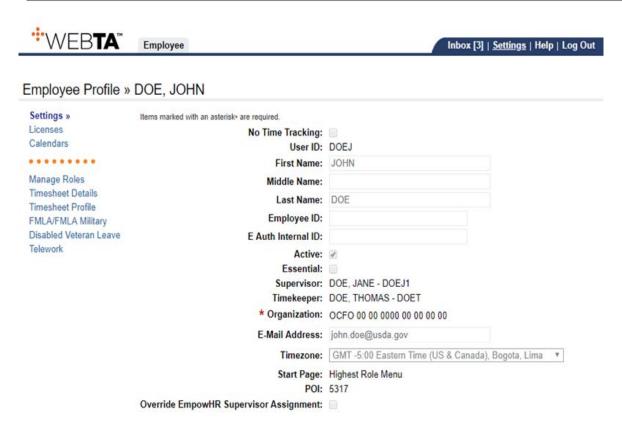

Figure 20: Employee Profile Page

2. Select the *Manage Roles* link from the sidebar menu. The Role Assignments page is displayed listing the roles assigned to the Employee.

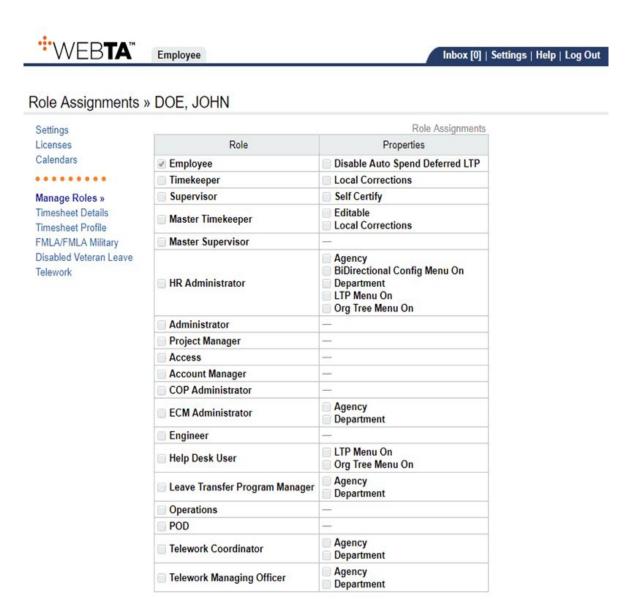

Figure 21: Role Assignments Page

Timesheet Details

The Timesheet Details page displays information about the Employee's timesheet and is read-only.

To Display the Timesheet Details Page:

1. Select the *Settings* link on the Employee Main Menu page. The Employee Profile page is displayed.

Note: You can access the *Licenses*, *Calendars*, *Manage Roles*, *Timesheet Details*, *Timesheet Profile*, *FMLA/FMLA Military*, and *Disabled Veteran Leave* options from the Employee Profile page.

Figure 22: Employee Profile Page

Start Pay Period for Timesheet Field Description

Timesheet Entry Type Field Description

Timekeeper Field Description

Supervisor Field Description

Timesheet Profile

The Timesheet Profile page displays information about the Employee's timesheet each pay period. The information on the Timesheet Profile is updated daily from EmpowHR and is read-only.

To Display the Timesheet Profile Page:

1. Select the *Settings* link on the Employee Main Menu page. The Employee Profile page is displayed.

Note: You can access the *Licenses*, *Calendars*, *Manage Roles*, *Timesheet Details*, *Timesheet Profile*, *FMLA/FMLA Military*, and *Disabled Veteran Leave* options from the Employee Profile page.

Figure 24: Employee Profile Page

Select the *Timesheet Profile* link from the sidebar menu. The Timesheet Profile page is displayed.

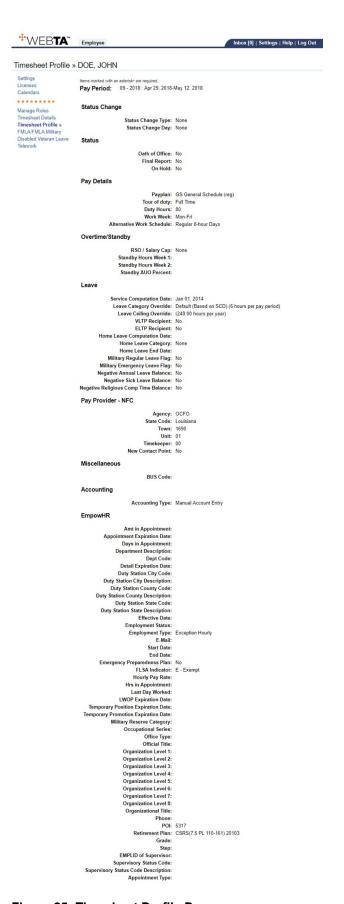

Figure 25: Timesheet Profile Page

FMLA/FMLA Military

The FMLA/FMLA Military page is read-only and displays an Employee's FMLA/FMLA Military information, if applicable. Timekeeper and Master Timekeepers can manually invoke new FMLA events and delete manually-invoked FMLA events. Manually invoking an FMLA event bypasses the leave request form process. FMLA may be invoked once every 12 months. When the expiration date is reached, the FMLA and FMLA Military tracking leave balances are automatically set to zero.

To Display the FMLA/FMLA Military Information Page:

1. Select the *Settings* link on the Employee Main Menu page. The Employee Profile page is displayed.

Note: You can access the *Licenses*, *Calendars*, *Manage Roles*, *Timesheet Details*, *Timesheet Profile*, *FMLA/FMLA Military*, and *Disabled Veteran Leave* options from the Employee Profile page.

Figure 26: Employee Profile Page

2. Select the *FMLA/FMLA Military* link from the sidebar menu. The FMLA/FMLA Military page is displayed.

Figure 27: FMLA FMLA Military Page

Disabled Veteran Leave

The Wounded Warriors Federal Leave Act of 2015 mandates that any new Federal Employee (hired on or after November 5, 2016) who is a Veteran with a service-connected disability rated at 30 percent or more be granted immediate access to 104 hours of Disabled Veteran Leave. This leave may only be used within a continuous 12 month period beginning on the first day of employment/reemployment and may not exceed 104 hours; however, some Employees with an uncommon tour of duty may exceed 104 hours.

Part-time, non-seasonal, and full-time seasonal Employees' leave will be prorated based on the Employee's tour of duty. Any Disabled Veteran Leave credited to an Employee that is not used during the first 12 months of employment and/or reemployment shall be forfeited.

If the Employee is reinstated after a break in service, or transferred and has a sick leave credit balance when they are hired, the amount of Disabled Veteran Leave will be reduced by the amount of sick leave that the Employee has available on the first day of the reemployment.

Note: Select the *Leave Balances* link from the Time menu on the Employee Main Menu page to check your Disabled Veteran Leave balance.

To View the Disabled Veteran Leave Page:

1. Select the *Settings* link on the Employee Main Menu page. The Employee Profile page is displayed.

Figure 28: Employee Profile Page

2. Select the *Disabled Veteran Leave* link from the sidebar menu. The Disabled Veteran Leave page is displayed.

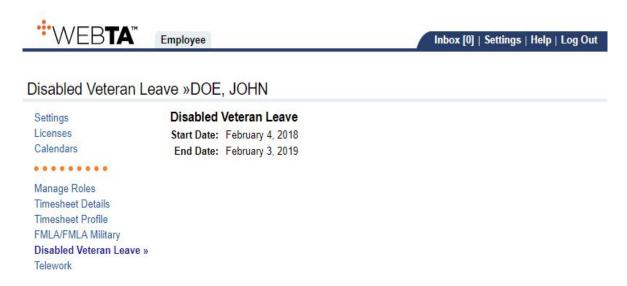

Figure 29: Disabled Veteran Leave Page

Sending Messages

Employees may send messages to their Timekeeper or Supervisor from within webTA.

To Send a Message:

1. Select either the *Send Message To Timekeeper* or *Send Message To Supervisor* from the Messages section on the Employee Main Menu page. The applicable Send Message page is displayed.

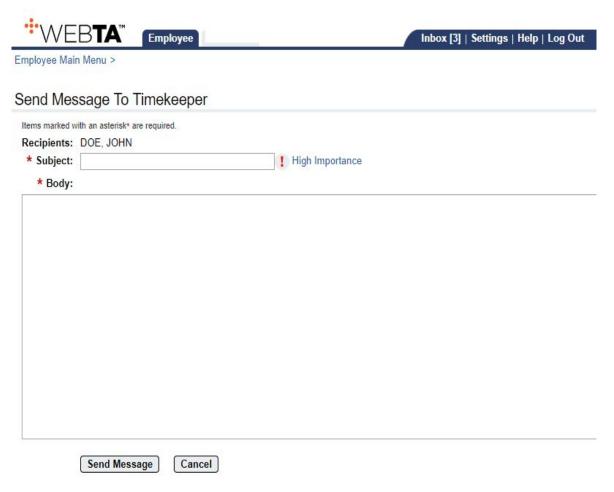

Figure 30: Send Message Page

2. Complete the following fields:

Subject Field Instruction (Required)

Body Field Instruction (Required)

3. Select the **Send Message** button. A confirmation message is displayed, and the message is routed to the appropriate webTA Inbox.

At this point, you may select the Cancel button to return to the Employee Main Menu page.

Timesheet Data

The following types of TCs are contained on your timesheet:

- work time
- leave
- dollar transactions

At the end of the pay period, after all information is entered on your timesheet, you must validate and then affirm your timesheet. This should always be done by close of business on Tuesday following the end of a pay period.

The Work Time section of the Timesheet page has daily time entry fields for each week in a pay period. Daily work time totals are displayed in the Work Time Total row.

Note: The Leave Time section of the Timesheet is populated when leave requests are submitted for approval.

To Enter Work Time and Accounting on Your Timesheet:

1. Select the *Timesheet* link from the Time section on the Employee Main Menu page. The Timesheet page is displayed.

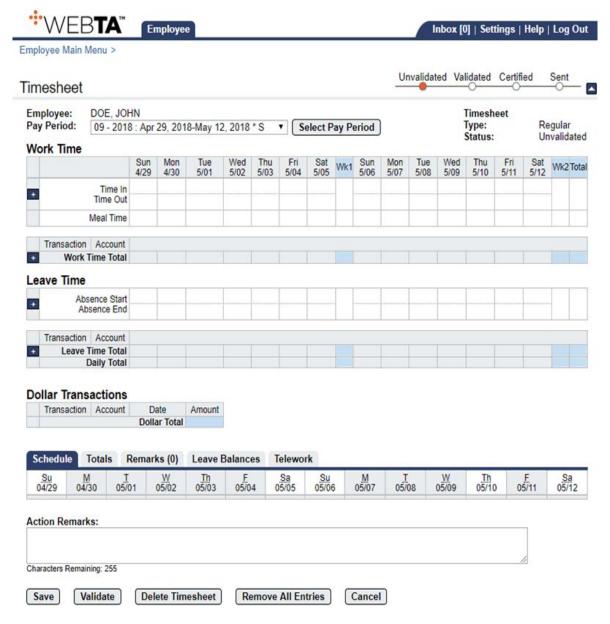

Figure 31: Timesheet Page

2. Select the + (plus sign) in the Work Time Total row of the Work Time section. The Transaction field is populated with 01 - Regular Base Pay, and the Account field is populated with Select Account.

Note: You can use the $\it 01-Regular\ Base\ Pay\ TC,$ or you can change the TC.

3. Select the transaction code link to change the TC. The Select Values for this entry... popup appears.

Figure 32: Select values for this entry...Drop-down List Popup

- 4. Select the applicable TC from the drop-down list.
- 5. Select the **Select Work Time Transaction** button to save the TC and return to the Timesheet page.

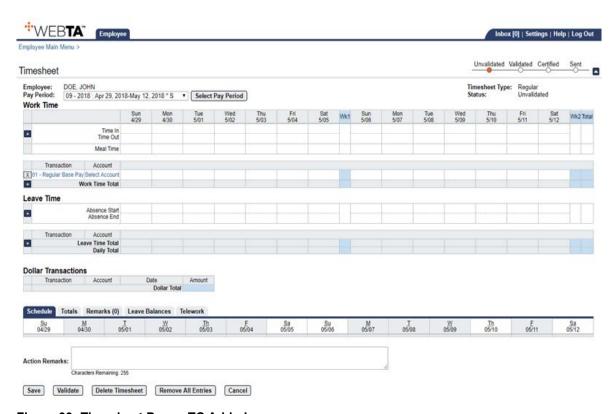

Figure 33: Timesheet Page - TC Added

6. Select the *Select Account* link. The Accounting popup appears.

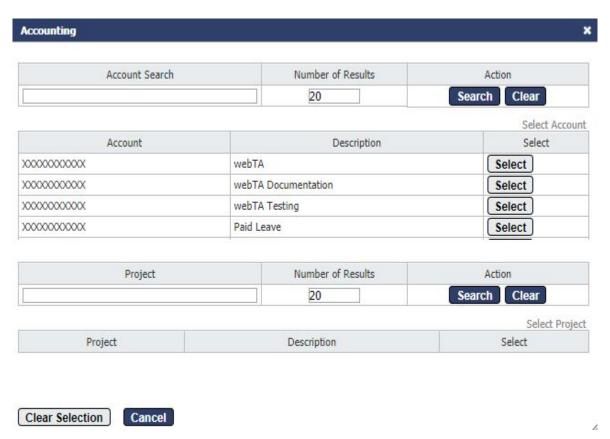

Figure 34: Accounting Popup

7. Select the **Select** button for the applicable accounting code. The accounting code is populated in the Account field.

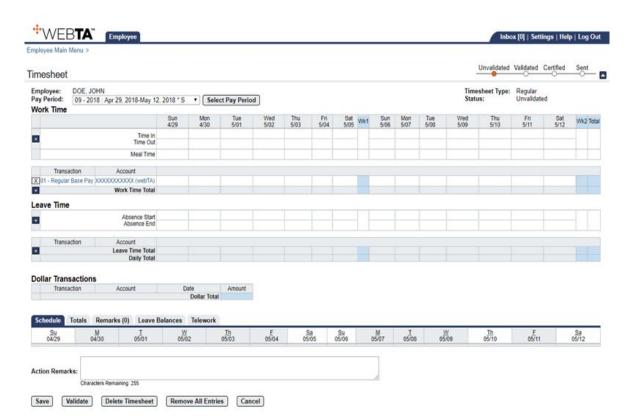

Figure 35: Timesheet Page - Accounting Added

8. Complete the following Work Time fields:

Time In Field Instruction

Time Out Field Instruction

Meal Time Field Instruction

TC Line Field Instruction

9. Select the **Save** button to save the timesheet. The Work Time Total field is populated and the message, *Timesheet saved*, is displayed.

At this point, you may select the Cancel button to return to the Employee Main Menu page.

Validating Your Timesheet

Timesheets should be validated by close of business on the first Tuesday of the pay period.

To Validate Your Timesheet:

1. Select the *Timesheet* link from the Time section on the Employee Main Menu page. The Timesheet page is displayed.

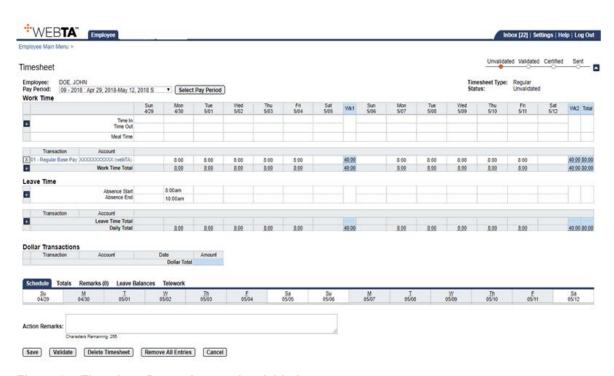

Figure 35: Timesheet Page - Accounting Added

- 2. Verify that the Work Time, Leave Time, and Dollar Transactions sections are complete.
- Select the Validate button to validate your timesheet. If there are no errors, the Timesheet Summary page is displayed.

Note: If there are any errors on your timesheet, they will be displayed. You must resolve all errors before a timesheet may be validated.

Note: If there are any warnings on your timesheet, they will be displayed. You should resolve warnings; however, a timesheet may still be validated with warnings.

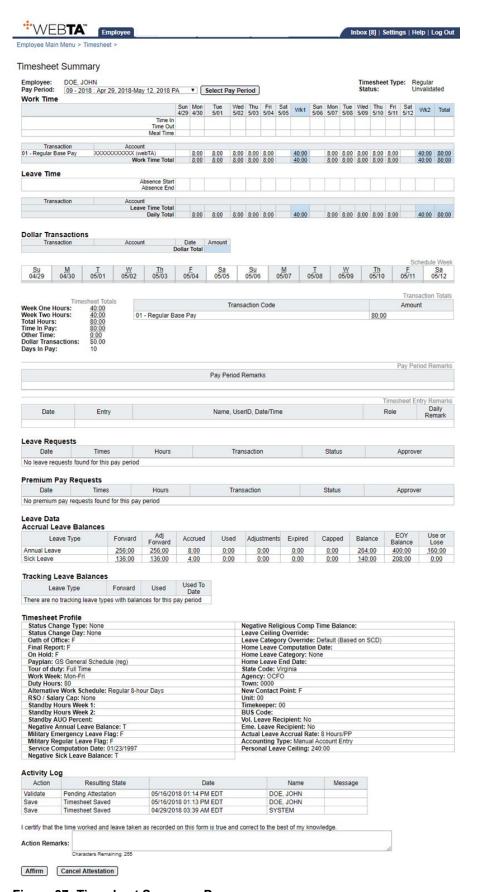

Figure 37: Timesheet Summary Page

• Validation messages - Displays any errors or warnings applicable to the timesheet.

Note: Any errors must be corrected before a timesheet can be validated.

- Work Time Displays TCs, hours, and accounting charged for work time.
- Leave Time Displays TCs, hours, and accounting charged for leave time.
- Dollar Transactions Displays TCs, amounts, and accounting charged for dollar transactions.
- Schedule Week Displays the assigned work schedule.
- Timesheet Totals Displays Totals, including Weekly, Total Hours, Time in Pay,
 Other Time, Dollar Transactions, and Days in Pay. Depending on licensing, totals for Telework, Labor Distribution and Case Tracking may also be listed.
- Transaction Totals Displays a breakdown of hours by work and leave time TCs.
- Pay Period Remarks Displays any pay period remarks.
- Timesheet Entry Remarks Displays remarks entered for specific time entries.
- Leave Requests Displays leave request(s) and status of each request.
- Premium Pay Requests Displays premium pay request(s) and status of each request.
- Leave Data Displays accrual and tracking leave data.
- Timesheet Profile Displays timesheet profile information.
- Activity Log Displays all actions taken on the timesheet by all roles, including the type of action (Save), the resulting state (Timesheet Saved), the date and time of each action, the user's name, and the message that the user entered in the Action Remarks field on the timesheet, if any.
- Labor Distribution Displays labor distribution information, if applicable.
- Continuation of Pay (COP) Displays COP information, if applicable.
- 4. Select the Affirm button. The Timesheet page is displayed with the message, Timesheet validated successfully, is displayed, and the status is changed to Validated.

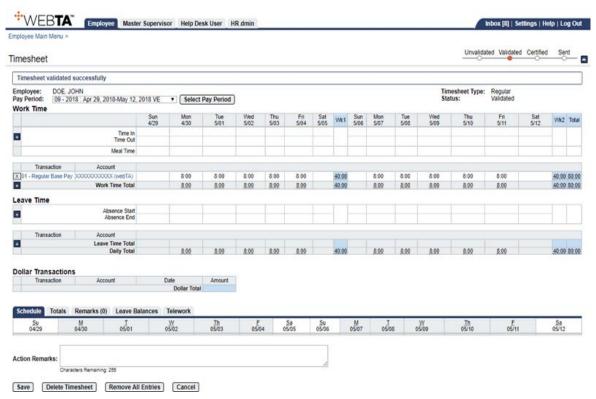

Figure 38: Validated Timesheet Page

Remarks

webTA allows the use of two types of remarks: daily and pay period. Daily remarks are added to specific time entries and are entered in the Daily Remarks field. The remark is then indicated by a triangle displayed in the corner of the time entry cell. Pay Period remarks are entered in the Pay Period Remarks field which is accessed via the Remarks tab on the Timesheet page.

Note: The Action Remarks field on the Timesheet page is used to make notes pertaining to the action being taken on the timesheet at the time it is done. These remarks are displayed in the Activity Log section of the timesheet.

Daily Remarks

Daily remarks apply to a specific time entry. A triangle displayed in the time entry indicates that there is a remark for that specific entry. Daily remarks display as Timesheet Entry Remarks in the Pay Period Remarks section of the Timesheet Summary page.

To Add a Daily Remark:

 Select the Timesheet link from the Time section on the Employee Main Menu page. The Timesheet page is displayed.

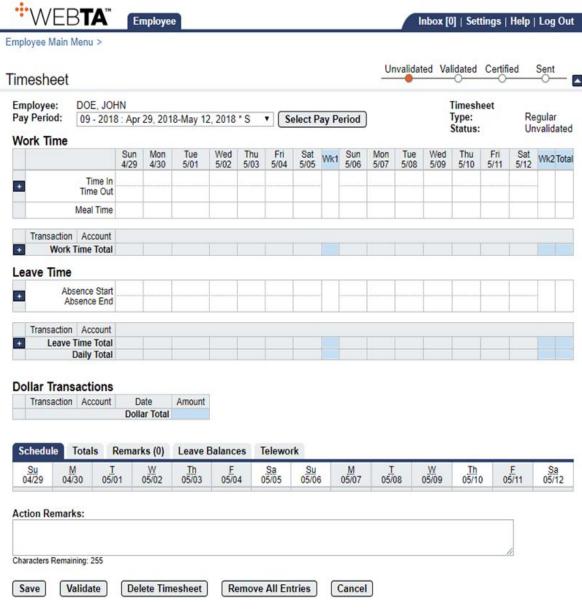

Figure 39: Timesheet Page

- 2. Select the time entry to which you want to add a remark.
- 3. Double-click or select **Shift** + **R**. The Remarks tab opens, and a new row is displayed. The row populates with the date of the time entry, the type of entry, the user name, user ID, the current date and time, and the user's role.

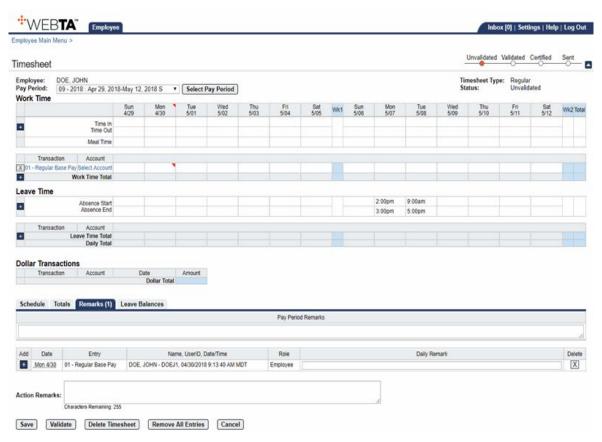

Figure 40: Timesheet Page - Daily Remark

OR

Select the *Remarks* tab and select the + (plus sign) in the Add column. A new row is displayed. The row populates with the user name, user ID, the current date and time, and the user's role. Select the date from the Date drop-down list.

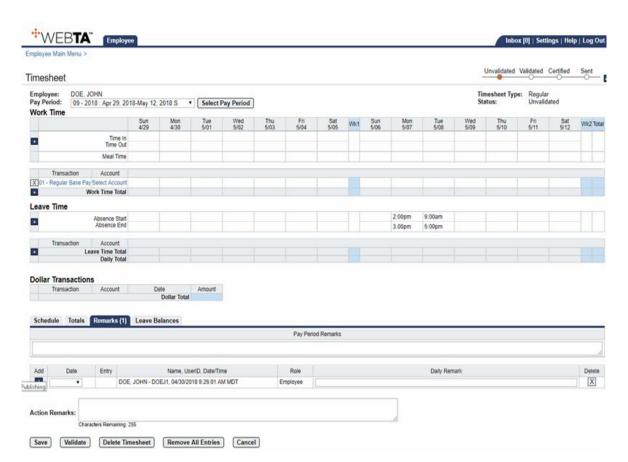

Figure 41: Timesheet Page - Adding Daily Remark

- 4. Enter the remark in the Daily Remark field.
- 5. Select the **Save** button. A triangle appears in the time entry cell to indicate that a remark has been added, and the Remarks tab displays the number of daily remarks on the timesheet.

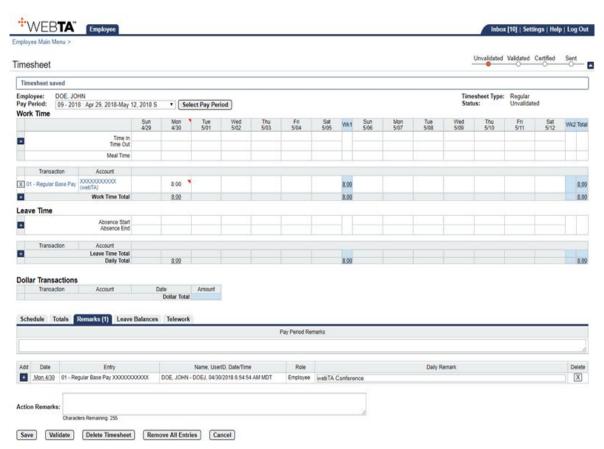

Figure 42: Timesheet Page with Daily Remark

At this point, you may select the Cancel button to return to the Employee Main Menu page.

To Delete a Daily Remark:

1. Select the Timesheet link from the Time section on the Employee Main Menu page. The Timesheet page is displayed.

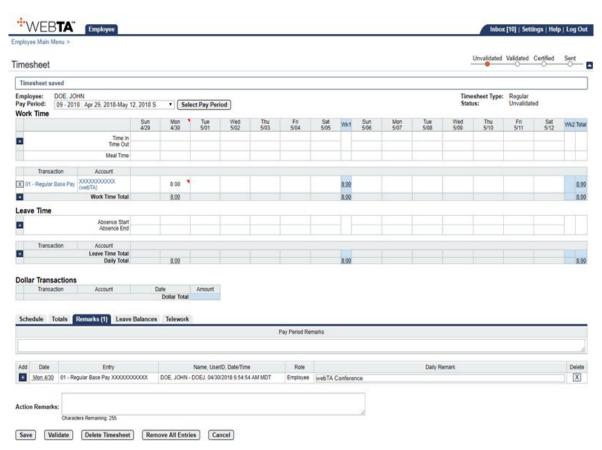

Figure 43: Timesheet Page

2. Select the *Remarks* tab. The Remarks section is displayed on the timesheet.

Figure 44: Timesheet Page - Remarks Section

- 3. Select the *x* in the box of the Delete column on the row that identifies the daily remark that you want to delete. The row is now deleted.
- 4. Select the Save button.

Pay Period Remarks

Pay Period Remarks are remarks applicable to a specific pay period. After the pay period remarks are entered and saved, they are displayed in the Pay Period Remarks section of the Timesheet Summary page.

To Add a Pay Period Remark:

 Select the Timesheet link from the Time section on the Employee Main Menu page. The Timesheet page is displayed.

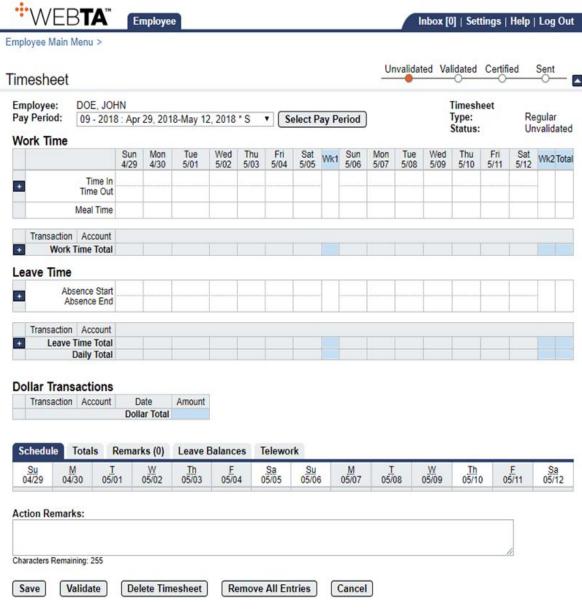

Figure 45: Timesheet Page

 Select the *Remarks* tab. The Pay Period Remarks field is displayed on the Timesheet page.

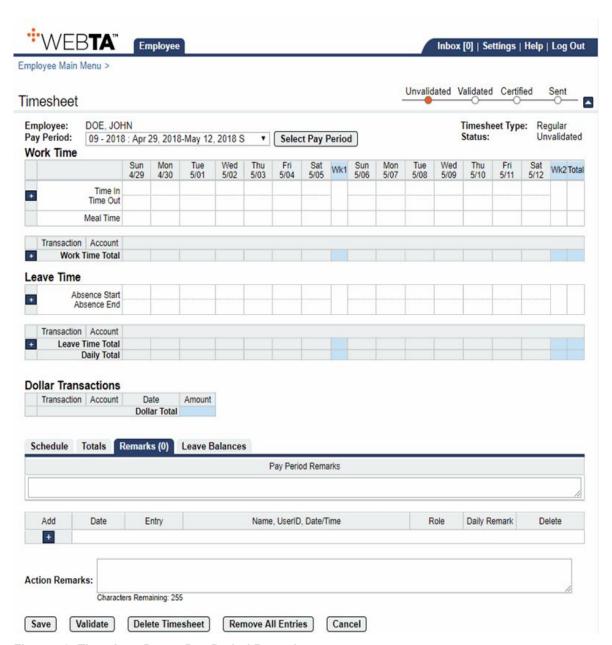

Figure 46: Timesheet Page - Pay Period Remarks

- 3. Enter the remark in the Pay Period Remarks field.
- 4. Select the **Save** button. The Timesheet is saved with the pay period remark.

To Delete a Pay Period Remark:

 Select the Timesheet link from the Time section on the Employee Main Menu page. The Timesheet page is displayed.

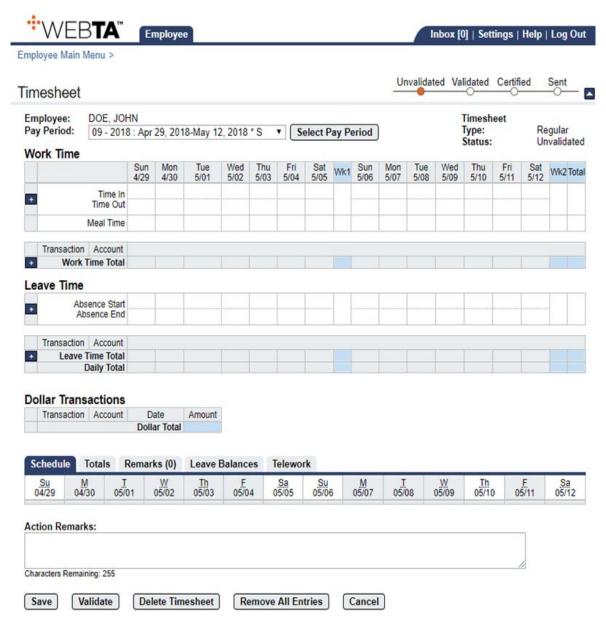

Figure 47: Timesheet Page

2. Select the *Remarks* tab. The Pay Period Remarks field is displayed.

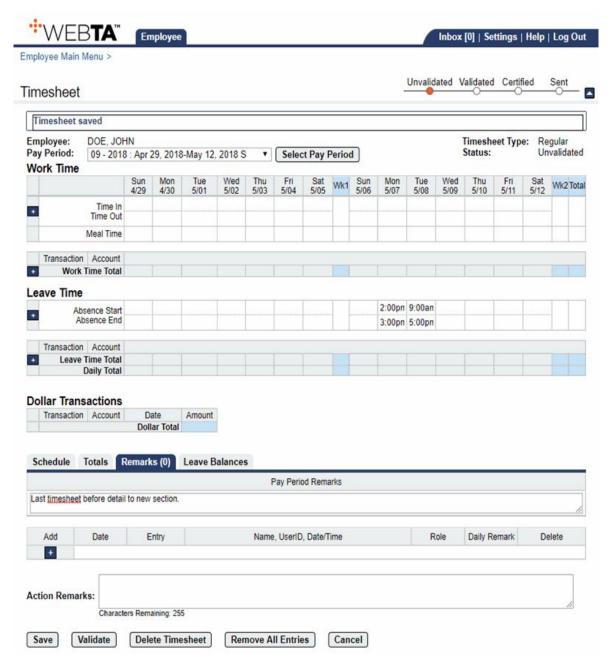

Figure 48: Timesheet Page - Pay Period Remarks

- 3. Remove the remark from the Pay Period Remarks field.
- 4. Select the Save button.

Leave Requests

The Leave Request Form page is used to submit leave requests. Leave requests for multiple pay periods must be on a separate leave request for each pay period. Leave requested for the current pay period will populate to the timesheet when the leave request is submitted for approval. Leave requests submitted for a future pay period will populate to the timesheet when the timesheet is created. Separate leave requests must be submitted for different types of leave.

Adding a Leave Request

The Leave Request Form page is used to submit leave requests.

To Submit a Leave Request:

Select the Leave Requests link from the Time section on the Employee Main Menu page.
 The Leave Requests page is displayed defaulting to current and future pending leave requests.

Note: Select the **View** Calendar button to view leave requests in a calendar format.

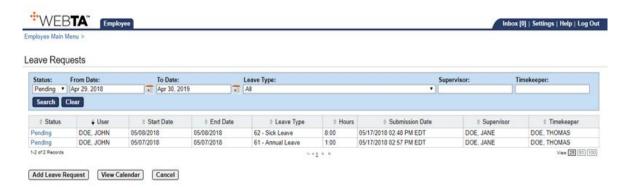

Figure 49: Leave Requests Page

2. Select the Add Leave Request button. The Leave Request Form page is displayed.

Note: The Leave Balance Calculator is available to project leave balances.

Figure 52: Leave Request Form Page - Editing

- 3. Make the applicable changes.
- 4. Select the **Submit** button to submit the changes. The message, *Leave request successfully updated*, is displayed.

Deleting a Leave Request

Leave requests may be deleted. If the leave request has already been approved by the Supervisor, the Employee must have the Supervisor revert the leave request back to <code>Pending</code> before the leave request may be deleted.

To Delete a Leave Request:

1. Select the *Leave Requests* link from the Time section on the Employee Main Menu page. The Leave Requests page is displayed defaulting to current and future pending leave requests. Use the search filters to search for applicable leave request, if not listed.

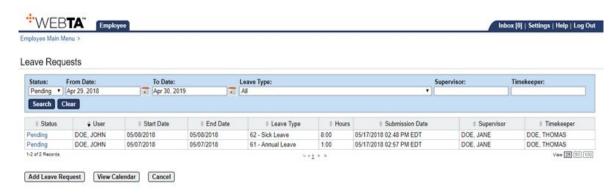

Figure 53: Leave Requests Page

2. Select the link for the leave request to be deleted. The applicable leave request is displayed.

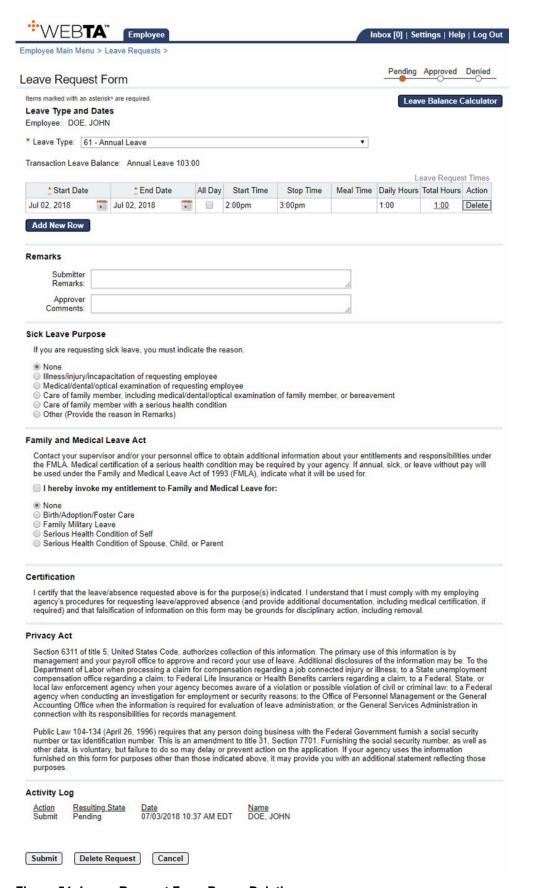

Figure 54: Leave Request Form Page - Deleting

- 3. Select the **Delete Request** button to delete the request. The message, *Are you sure* you want to delete this leave request?, is displayed.
- 4. Select the **Yes** button to delete the request. The message, *Leave request successfully deleted*, is displayed. You are returned to the Leave Requests page.

Viewing Your Leave Request History

You may view your current, future, and historical leave requests in a list or calendar format. The Leave Requests page has search filters for specific leave type transaction requests or for leave requests submitted for a specific period of time.

To View Your Leave Request History:

Select the Leave Requests link from the Time section on the Employee Main Menu page.
 The Leave Request page is displayed defaulting to current and future pending leave requests in a list format.

Note: Select the View Calendar button to view the leave requests in a calendar format.

Dollar Transaction Requests

When Employees incur work-related expenses such as commuter transportation, parking, magazine or journal subscriptions, etc., repayment is requested via the Dollar Transaction Request page. These requests are either approved or denied by the Supervisor. If approved, the dollar transaction populates to the most recent uncertified timesheet under the Dollar Transaction section. This section is read-only.

Adding a Dollar Transaction Request

Dollar transaction requests are entered on the Dollar Transaction Request page. Once approved by the Supervisor, they are displayed on the most recent uncertified timesheet in the Dollar Transaction section.

To Enter Dollar Transactions on Your Timesheet:

Select the *Dollar Transaction Requests* link from the Time section on the Employee Main Menu page. The Dollar Transaction Requests - Current page is displayed listing approved and denied dollar transactions for the current and future pay periods, and pending requests from all pay periods.

Figure 65: Dollar Transaction Requests - Current Page

Select the Add Dollar Transaction Request button. The Dollar Transaction Request page is displayed.

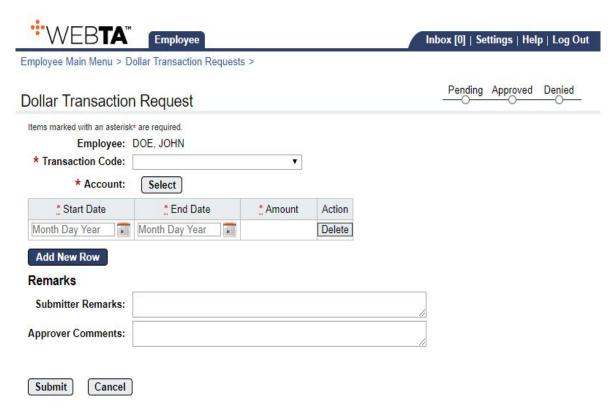

Figure 66: Dollar Transaction Request Page - Adding

Complete the following fields:

Transaction Code Field Instruction (Required)

Account Field Instruction (Required)

Start Date Field Instruction (Required)

End Date Field Instruction (Required)

Amount Field Instruction (Required)

Submitter Remarks Field Instruction

Select the **Submit** button to submit the request. The message, *Dollar Transaction Request* successfully updated, is displayed and the request is routed to the appropriate Supervisor for approval. If approved, the dollar transaction populates to the most recent uncertified timesheet.

Editing a Dollar Transaction Request

Dollar transaction requests may be edited. If the request has already been approved or denied by the Supervisor, the Employee must have the Supervisor revert the request to <code>Pending</code> before the request may be edited.

To Edit Dollar Transactions on Your Timesheet:

 Select the *Dollar Transaction Requests* link from the Time section on the Employee Main Menu page. The Dollar Transaction Requests - Current page is displayed.

OR

Select the CSV link to save/view the report in a comma-separated values (CSV) format.

Accounting

The Accounts page displays accounting codes available to you and your Timekeeper.

To Add an Accounts for Use with the Select Account Link:

Select the Accounts. link from the Accounting section on the Employee Main Menu page.
The Accounts page is displayed. The Timekeeper Accounts lists accounts added by the
Timekeeper as a Timekeeper. My Accounts lists accounts added by the Employee.

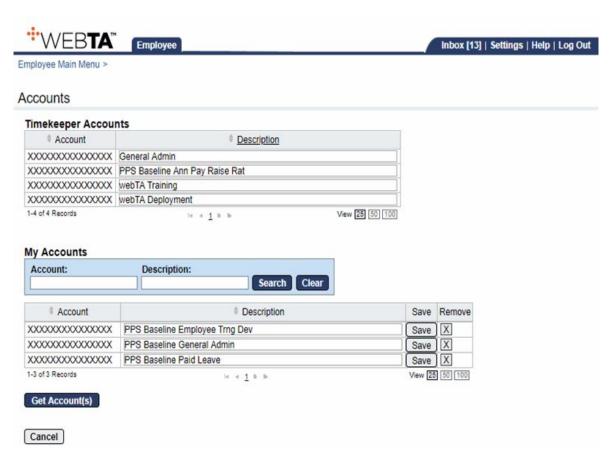

Figure 77: Accounts Page

2. Select the Get Account(s) button. The Select Accounts page is displayed.

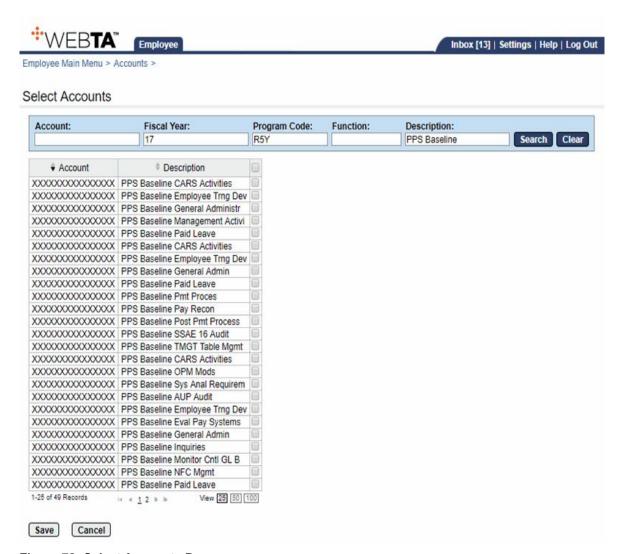

Figure 78: Select Accounts Page

- 3. Search for or select the applicable account.
- 4. Select the **Save** button to save the accounting code and return to the Accounts page. The message, *Successfully added account*, is displayed.

Schedules

Depending on your Agency's implementation of webTA, two types of schedules may be available, default and advanced. Employees may create and maintain advanced schedules, but Timekeepers must create and maintain an Employee's default schedule.

Advanced Schedules

Advanced schedules allow Employees to utilize features, such as scheduling regular days off and setting temporary schedules. Employees are allowed to add and submit advanced schedules. Advanced schedules must be approved or denied by a Supervisor. Advanced schedules may be set as permanent or temporary. A permanent schedule is an Employee's regular day-to-day schedule. A temporary schedule could be set for an Employee for a specific length of time with a beginning and ending date. With either schedule, the total hours must match the duty hours in the Employee's timesheet profile. webTA applies the permanent schedule every pay period unless a temporary schedule has been submitted and approved. When the approved temporary schedule ends, webTA automatically reverts back to the permanent schedule.

The End Date for a Permanent Advanced Schedule defaults to *Forever* once the shifts are added. As a result of this, it is advised to always enter an end date. This will allow for future changes to a Permanent Advanced Schedule.

Note: If you add a schedule from the **Schedule** function on the Time menu, it adds a permanent schedule.

To Add a Permanent Schedule:

A schedule may either be a predefined schedule or a manually created schedule. Once these schedules are added, you may modify the schedule(s).

Note: The End Date for a Permanent Advanced Schedule defaults to *Forever* once the shifts are added. As a result of this, it is advised to always enter an end date. This will allow for future changes to a Permanent Advanced Schedule.

 Select the Schedule Assignment link from the Schedule section on the Employee Main Menu page. The Schedule Assignment page is displayed.

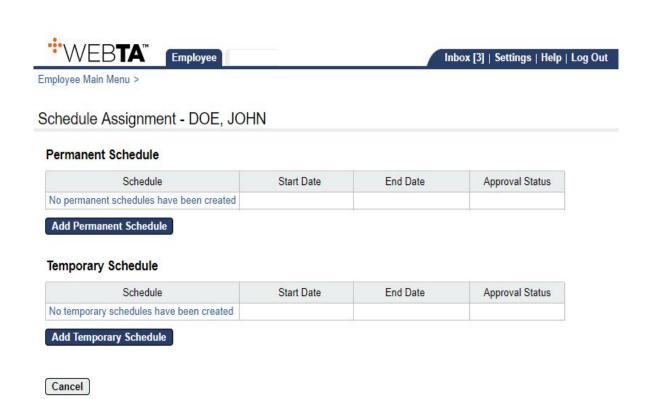

Figure 79: Schedule Assignment Page

2. Select the Add Permanent Schedule button. The (Add) Schedule page is displayed.

Note: To select a pre-defined schedule template, select the Insert Schedule Template button for a list of available schedules templates. Select the applicable schedule template and select the OK button. If a pre-defined schedule template is selected, the fields are populated with the selected template's pre-defined criteria. Proceed to step 7.

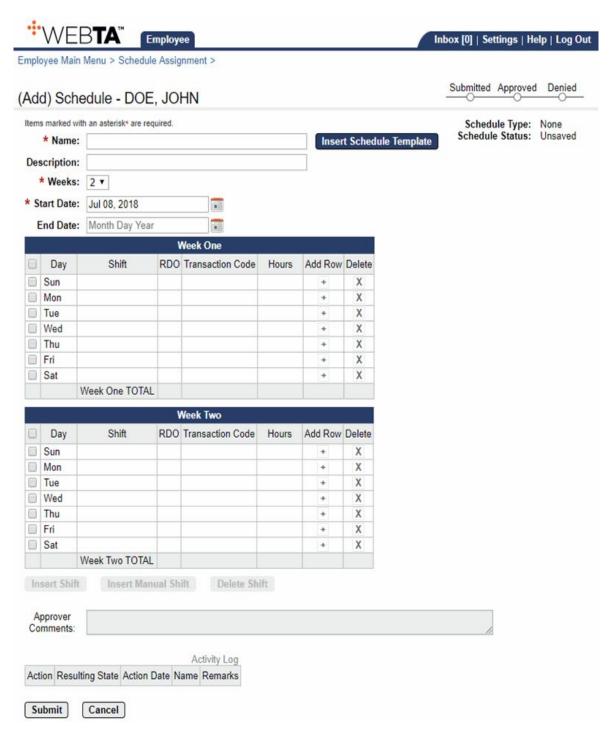

Figure 80: (Add) Schedule Page

End Date Field Instruction - Schedule Assignment

- 4. Select the applicable day(s) for the schedule being added. The Insert Shift, Insert Manual Shift, and Delete Shift buttons are activated above the Approver Comments box.
- 5. Select the Insert Shift button to add a predefined shift. The Select Shift page is displayed.

Note: If the applicable shift is not displayed, select the Cancel button to return to the (Add) Schedule page. On the (Add) Schedule page, select the Insert Manual Shift button, complete the fields, and select the Save button.

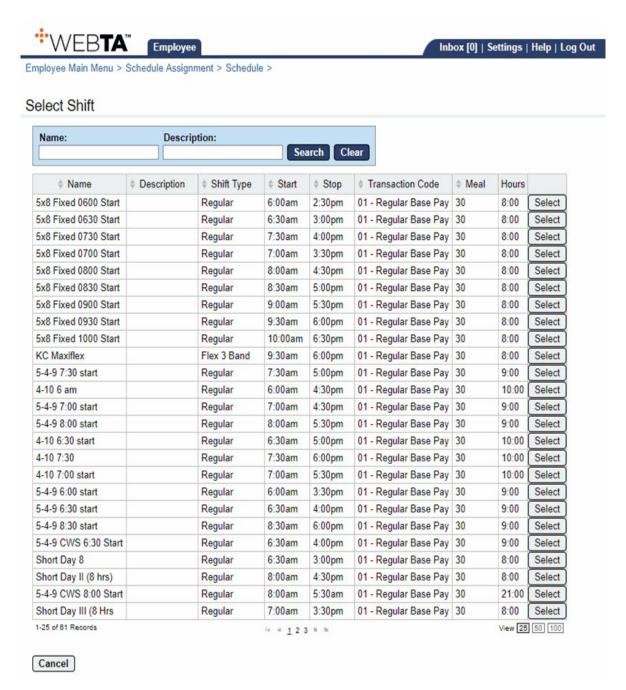

Figure 85: Select Shift Page

- 6. Select the applicable shift to insert. The shift displays on the day(s) selected.
- 7. Select the **submit** button to save the schedule. The message, *Successfully submitted the work schedule*, is displayed.

To Edit a Schedule:

You may edit a predefined schedule or a manually created schedule on the (Modify) Schedule page.

1. Select the *Schedule Assignment* link from the Schedule section on the Employee Main Menu page. The Schedule Assignment page is displayed.

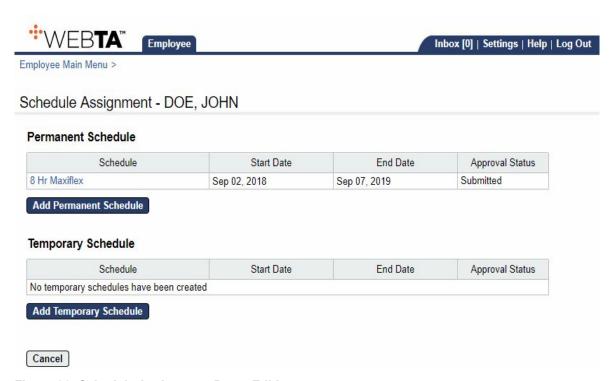

Figure 86: Schedule Assignment Page -Editing

2. Select the applicable schedule to edit under the Schedule column. The (Modify) Schedule page is displayed.

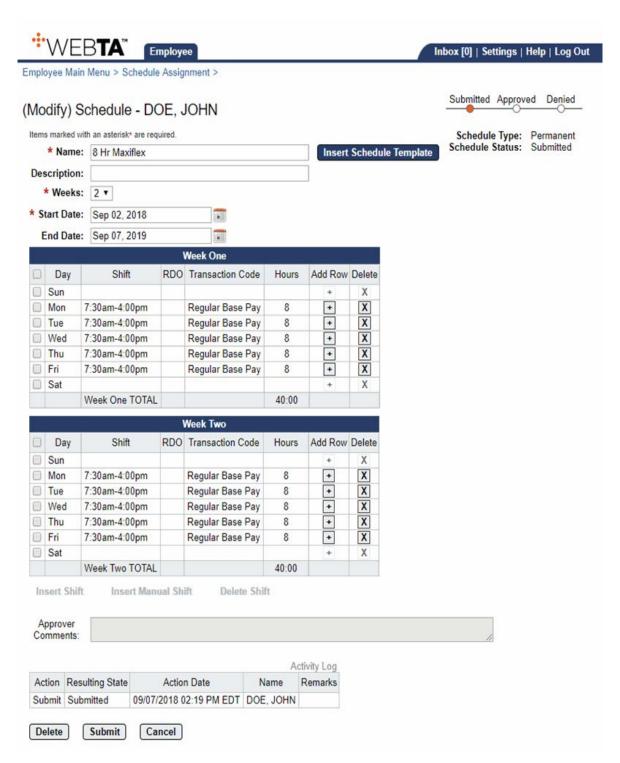

Figure 87: (Modify) Schedule Page

- 3. Make the applicable changes.
- 4. Select the **Submit** button to save the changes. The message, *Successfully submitted the work schedule*, is displayed.

Default Schedules

Default schedules may be used for Employees who use the same hours and accounting each pay period. Default schedules do not include features available in advanced schedules, such as regular days off, temporary schedules, additional pay period options, and a Supervisor approval process. The default schedule is displayed on the Schedule tab of the Employee's timesheet. If $Pay\ from\ Schedule$ is selected in the Retain Data Type field on the Timesheet Detail page, the TCs and accounting codes are displayed on the timesheet. Timekeepers add and maintain default schedules for their Employees.

Leave Donations

The Leave Transfer Program menu contains the Leave Donations option which allows Employees to to donate leave to an approved leave recipient in the Voluntary Leave Transfer Program (VLTP) and/or donate leave to the Voluntary Leave Bank Program (VLBP), whichever is applicable to the Agency. Employees are also able to donate leave to the Emergency Leave Transfer Program (ELTP).

Note: For information on becoming a VLTP recipient, Employees should contact their Agency's Leave Transfer Program (LTP) Manager.

Donating Leave

The Leave Donations link is used to submit a leave donation.

To Donate Leave:

1. Select the *Leave Donations* link from the Leave Transfer Program section on the Employee Main Menu page. The LTP Donations page is displayed.

Figure 88: LTP Donations Page

2. Select the Add Donation button. The Add LTP Donation page is displayed with the LTP Account defaulting to None Selected.

Note: The Position, Grade, and Step fields are automatically populated with your information.

Continuation of Pay (COP)

Form CA-1, Federal Employee's Notice of Traumatic Injury and Claim for Continuation of Pay/ Compensation, is used to request continuation of pay (COP) for days that you are unable to work due to an on-the-job injury. This form must be completed and submitted to the human resources (HR) office. Once this form is submitted, the COP Administrator must add an event for the Employee. Requests are displayed on the COP Events page after the COP Administrator adds the event.

Note: You must select the applicable TC 67, OWCP Injury Leave, to add the COP to your timesheet.

To View a COP Request:

 Select the COP Events link from the Continuation of Pay (COP) section on the Employee Main Menu page. The COP Events page is displayed.

Figure 96: COP Events Page

2. Select the applicable event to view the request. The COP Event Details page is displayed. This is a read-only page.

Figure 97: COP Event Details Page

3. View the request.

Emergency Contacts

Employees may add multiple emergency contacts in webTA. The Emergency Contact Details page is used to add these contacts. Once contacts are added, the call order may be modified. Emergency contacts may also be deleted.

Adding a New Contact

The Emergency Contact Details page is used to add emergency contacts in webTA.

To Add an Emergency Contact:

1. Select the *My Contacts* link from the Emergency Contacts section on the Employee Main Menu page. The Emergency Contacts page is displayed.

Figure 98: Emergency Contacts Page

Select the Add New Contact button. The Emergency Contact Details page is displayed.

Figure 99: Emergency Contact Details Page
